Inner Voice vs. Inner Critic

In assembly we talked about how we all have thoughts about ourselves and about how well we do things. When we think about ourselves, sometimes we hear our 'Inner Coach' and sometimes we hear our 'Inner Critic'.

Our Inner Coach uses positive self-talk to give us courage and strength to get through stressful situations, even when they are hard or scary.

Our Inner Critic uses a negative voice and angry self-talk when we make a mistake or something is hard. This makes us feel uncomfortable and does not solve problems. We need to try and use our 'Inner Coach'.
